## WE STILL OFFER

Our home "Riverview" for sale. This property is not equalled in the state at the price that we offer it for. To any one wanting a home with every modern improvement, located superbly, with ample grounds surrounding it and at a price below cost, this is the golden chance.

We offer this property for sale solely because it is too large for us to occupy and our desire is to build a smaller one. If we can sell this within the next 15 days (before May 1st), we will do so on the easiest of terms. If not sold previous to May 1st we shall begin house-keeping in it and withdraw it from the market.

Yours very truly,  
Geo. L. & Sarah H. Carrington.

## For An Investment

We have a property centrally located, rented for \$21.50 per month, payable in advance. It is sure to rent for this or more for all time. This is over eight and a half per cent, on the price we ask for it.

There is a mortgage of \$1600 to run 3 or 5 years at seven per cent.

Our price is \$3000; \$1000 cash, \$400 to be secured on the property ten years at seven per cent. Let's figure it out, it will take \$140 a year to pay your interest on the \$2000; taxes say \$15; insurance \$5. Take this amount \$160 in all from the \$258 rental and it leaves you \$98 net for the use of your \$1000. Besides this the property is sure to advance from \$200 to \$500 within 5 years. It is worth looking into.

Yours very truly,  
Geo. L. & Sarah H. Carrington.

Death Comes to a Number of Noted Persons

### GEN. SPINOLA DIES AT WASHINGTON.

Sudden End of the Life of Count Lewenhaupt, Who Married Miss Bayard April 2 - Ex-Supreme Judge Born, of Indiana.

WASHINGTON, April 14.-Gen. F. B. Spinola, member of the house of representatives from the Tenth district of New York, died at twenty-five minutes past 1 o'clock this morning. He had been very ill at the Arlington hotel in this city since the adjournment of congress, and at no time had it been believed he could recover. His condition was reported to be somewhat improved on Sunday, but he suffered a relapse, from which he died this morning. Death occurred so late that no arrangements have yet been made for the funeral, and none will be until his friends in New York have been consulted. He was a native of Stony Brook, Suffolk county, N. Y., March 19, 1821. His father was a native of the island of Madeira, and his paternal grandfather was an Italian. His mother was a native of Long Island, his father, who served as an officer in the revolutionary war, being Irish by birth. In 1840 he was elected alderman from the Second ward of Brooklyn. In the following year he was the whig candidate for reelection, but was defeated by one vote. He was elected, however, the following spring, and was subsequently reelected four times, after which he was superior for three successive years. In 1855 he was the successful democratic candidate in his district for the assembly. In 1857 he was elected by a large majority to the state senate from the Third district. In 1860 he was elected to the national democratic convention at Charleston. When the rebellion broke out he was one of the first to obey the call of President Lincoln to take arms in defense of the union. He raised the Empire brigade of New York volunteers in 1862 and was commissioned brigadier general in a October of that year. He was twice wounded in the battle of Wapping Heights in Virginia, where he led a brilliant charge by his brigade against a large force of the enemy. He entered into commercial and manufacturing business on his return to New York, and was again a member of the state legislature. He was elected in 1883 member of the Fifty-fifth congress from the Tenth New York district and was reelected to the Fifty-first congress in 1888 and the Fifty-second congress in 1890. He was one of the inner circles of Tammany hall and a member of the once famous Bosom club. In the state senate Gen. Spinola was a conspicuous figure.

WILMINGTON, Del., April 14.-Count Lewenhaupt died Monday morning. His marriage to Miss Ellen, the youngest daughter of ex-Secretary of State Thomas F. Bayard, took place at noon April 2, little more than a week ago, at the Bayard home-stead, "Delamere Place," in Wilmington. Count Lewenhaupt was a member of a noble family of Sweden, but, having chosen to make his home in the United States, preferred to be considered a private individual, and it is said, requested his friends to drop his title when addressing him. He was a very popular man in society circles, and his marriage with Miss Bayard was considered an extremely happy one.

The count died suddenly at his home, 1017 Adams street, in this city shortly after 6 o'clock Monday morning. His illness was short, and no one outside of his immediate family was aware that his life was in peril until the sad news of his death was announced. Dr. Bullock, the physician in attendance, states that Count Lewenhaupt had been indisposed for the last two or three weeks. He was not, however, seriously sick until Friday, when Dr. Bullock was summoned. The physician found his patient suffering from a malignant attack of typhoid fever, and he died a few days later.

His body turned green. ANDERSON, Ind., April 14.-George Stark, a fireman on the Cincinnati, Wabash & Michigan railway, died Sunday night in horrible agony. He was a cigarette smoker, and excessive use of them is said to have caused his death. A short time after his death his body turned a livid green. Physicians claim his death was due to arsenical and nicotine poison.

Another Big Drainage Canal. TUSCULUM, Ill., April 14.-The fourth big canal for drainage purposes in this region is now being projected and the contract will be let here May 1. The canal will be constructed by means of steam dredges and will be 3 miles long, 30 feet wide and 8 feet deep. There are still others being planned, and it will require two years to complete the work.

Sure to Be a Success. MILWAUKEE, April 14.-Great preparations are being made for the festival of the Northwestern saengerbund, which will be held in this city in July. It is expected that 2,500 singers will be in attendance and the city will be filled with excursionists. The exposition building will be used on the occasion, and seats for 5,000 persons will be provided.

Fire at Springfield, Mo. SPRINGFIELD, Mo., April 14.-A fire broke out in the Henry Ames Packing Company's office Saturday night and completely destroyed that establishment, together with the Calhoun buggy and implement plant. The loss is estimated at from \$75,000 to \$100,000, largely covered by insurance.

Cholera Raging in Aleppo. CAIRO, April 14.-Trustworthy advices from Aleppo state that the cholera is present there. The news causes much apprehension throughout the east, and precautions are being urged upon various governments with a view to preventing the spread of the dreaded disease.

A Noted Physician Dead. KANSAS CITY, Mo., April 14.-Dr. Julius S. Taylor, well known throughout the west as a geologist, died Friday night, aged 84 years. The Taylor museum of Blackburn university at Champaign, Ill., was the gift of the doctor to that institution.

Carried Over the Dam to Death. ORANOE, Mass., April 13.-Sunday afternoon while four Italians, Carmelo Carria, Tony Long, Tony Jedum and Nicolo Marchesi, were boating on the Millers river they allowed the boat to go too close to the rapids and were carried over the dam and drowned.

No Longer in the Florida Contest. TALLAHASSEE, Fla., April 13.-In a letter to the Floridian John F. Dunn formally withdraws from the United States senatorship contest. The anti-Call men will put up ex-Gov. Bloxham and insist on a two-thirds rule.

### GROVER'S LATEST SPEECH.

The Ex-President at a Banquet Given by the New York Democratic Club in Honor of Jefferson's Birthday - What the Party Should Do.

New York, April 14.-Grover Cleveland was the principal orator at the celebration of Jefferson's birthday by the New York Democratic club Monday night. Among other things Mr. Cleveland said: "It seems to me that the atmosphere which pervades this place is ill suited to selfish and ignoble designs, and I feel at this moment that I am surrounded by influences which invite patriotic partisanship and disinterested devotion to party principles. I must plead guilty to the charge of being a democratic partisan so long as the democracy is true to its creed and traditions. It is an inspiring thing to know that by virtue of our party membership we are associated with those who resist the attempt of arrogant political power to interfere with the independence and integrity of popular suffrage, who are determined to relieve our countrymen from unjust and unnecessary burdens, who are intent upon checking extravagance in public expenditures, and who test party purposes by their usefulness in promoting the interests and welfare of all the people of the land. "In the light of our last victory no man who desires democratic success will deny the supreme importance of a most thorough and systematic presentation to our fellow citizens of the reasons which support the avowed and accepted purposes of our party. Those who now sneer at our efforts in that direction are our enemies - whether they confront us as confessed opponents or whether they are traitors skulking within our camp. We cannot accomplish what we promise to the people if we allow ourselves to be diverted from the perils which are still in our way. We shall court disaster if we relax in commending to the intelligence of our countrymen the creed which we profess, and we tempt humiliating failure and disgrace when we encourage or tolerate those who, claiming friendship with us, needlessly and often from the worst of motives seek to stir up strife and sow discord in the councils of our party."

### FIVE MEN DROWNED.

A Boat Containing Twelve Persons Capsized in the Mississippi River.

St. Louis, April 14.-At noon Monday a party of twelve boys entered a skiff at the foot of Spruce street to row across the river to Springfield dike on the Illinois side. There is a dangerous eddy at that point, and on reaching it the overloaded boat began to whirl around and around, suddenly turned keel up, leaving the twelve boys struggling in the river. Five were picked up by a ferry, two by a transfer boat, and five were drowned, as follows: John Bourge, aged 20; John McMahon, 20; Adam Brust, 10; Jack O'Connor, 24; Robert Gulon, 22.

### The Whist Convention.

MILWAUKEE, April 14.-The first national whist convention ever held in America will begin here to-day. It is an important event in many respects, and will attract attention all over the country. The object of the convention is to establish playing rules that will be recognized as law in all sections of the United States. It is the idea to establish an "American code," and to base this on the latest ideas of whist played in a moral train. Delegates will be present from all the leading cities in the union.

### Proctor is a Candidate.

BURLINGTON, Vt., April 14.-The Free Press prints a special dispatch from Washington in which Secretary Proctor says that the interview telegraphed from Omaha, Neb., which appeared in Friday's papers, stating that he was not a candidate for the senatorship from Vermont to succeed Senator Edmunds, is a fabrication. Secretary Proctor said that the announcement of his candidacy was authorized and if he was appointed to the vacancy he would accept.

## BOUND FOR THE WEST

President Harrison Starts on His Western Trip

### THE NAMES OF HIS COMPANIONS.

Preparations in Dixie's Land for His Coming - A Description of the Elaborate Special Train in Which He Travels.

### HIS JOURNEY BEGINS.

WASHINGTON, April 14.-President Harrison left Washington on his southern and western trip this morning at ten minutes past midnight. The other members of the party, who will live for the next thirty days in the sumptuously-fitted cars that comprise the presidential train are Mrs. Harrison, Mrs. Dimmick, Mrs. McKee, Mr. and Mrs. Russell Harrison, Secretary Tusk, Postmaster General William Brewster, Daniel M. Randall, marshal of the district of Columbia; E. F. Tibbitt, executive clerk; George W. Boyd, assistant general passenger agent of the Pennsylvania railroad; Mrs. Boyd; R. V. Oulahan, of the United Press; A. L. Clarke, of the Associated Press, and O. P. Austin, of the Press News association; Col. James L. Taylor, general passenger agent of the Richmond & Danville system, and S. H. Hardwick, of the Georgia Pacific division of the same road. Maj. A. P. Sanger, of the army, will accompany the party as a personal aid to the president. Secretary Proctor and a number of other prominent officials were at the depot, and waited to see the train and excursionists depart.

When the train reaches the Alabama line Gov. Jones will welcome the president to the state. All towns between Atlanta, Ga., and Birmingham, Ala., will have on holiday dress. At Anniston, which is one of the prettiest of new cities of the south, the display will be particularly elaborate. The schedule of the trip proposes a five-hour stay in Birmingham, and a committee of fifty has been appointed to take charge of the demonstration in the president's honor. There is to be a review of the military by the president, who will be shown the city under the most favorable auspices. The decorations will be profuse. All the other southern cities fully appreciate the honor of the president's visit, and there will be similar demonstrations at each stopping place of the train.

It is expected that President Diaz, of Mexico, will be at El Paso, Tex., to meet President Harrison as he passes through on his tour to California.

The train consists of five cars which have been thoroughly overhauled and elegantly furnished. Each car's exterior is painted in the manufacturer's standard color, with lettering and ornamentation in gold. One car is inscribed: "The Presidential Train." Next to the locomotive car is the Atazan, a library and smoker, with a large compartment for the storage of baggage at the end. Behind the Atazan is the dining-car, which, besides a dining-room, contains a tonorial department and bath. Next comes the sleeper, New Zealand, upholstered in steel, fringed plush, which is followed by the drawing-room car, Ideal, containing one large apartment exquisitely upholstered in white hair, and the woodwork painted white. At the rear end of the train is the observation car, Vacuina, containing six small drawing-rooms, each upholstered in silk plush of a different color, the woodwork of none painted alike, and an observation room, the large windows of which are filled with fine French plate glass. The ample platform back of this room is inclosed by a richly wrought and highly polished railing, from which the addresses will be made at points where the stop is brief for leaving the train. All the illumination on the train, even to the exterior lamps, will be electric. Electric fans throughout the train assure the party of relief should the heat be oppressive on the great plains of the southwest.

### They Lynched Him.

WHEELING, W. Va., April 14.-Alex Foote, the negro who murdered watchman J. A. Meadows at Blinded last Tuesday, was taken from the county jail by a mob of masked men Sunday morning and lynched on a farm near Princeton. Foote confessed to the crime and preserved a spirit of bravado to the end. He also confessed to killing three more men - one in Pocomoke, Va., one in Radford, Va., and one in Kentucky.

### Fatally Shot by Burglars.

LANCASTER, Pa., April 14.-A terrible murder occurred in Cecil county, Md., near the Lancaster county (Pa.) line, during Sunday night.
